

Cordillera & Palawan

Combine the culture and history of Manila and Luzon with the island beauty and raw nature of Palawan in this 16 day itinerary. Your first week will be busy as you'll see one of the smallest volcanoes in the world, ancient rice terraces, colorful cliff-mounted coffins, and more. There's a great deal of trekking involved so bring sturdy shoes! Once you've had your fill of culture and hill-walks, fly to Palawan for some serious beach time.
