

Island Retreats

Did you ever consider indulging in an island retreat – off another island? Sound bazaar? Well... in Zanzibar it is possible – this small tropical island is surrounded by smaller islands and offer some really great Robinson Crusoe escapes.

If you really want to get away from it all then by all means spend a week here, however as the main Zanzibar island offers so much to do and see, we highly recommend sneaking in a night or two (or three) at one of the smaller islands for complete relaxation and barefoot indulgence after spending some time on the mainland of Zanzibar.

We have included our favourite Robinson Crusoe escapes below, but do [email us](#) or better, give us a call on 0207 112 0019 and we will help to find the perfect resort for you.
